Miscellaneous.

Hear Ye! Hear Ye! Hear Ye!!!

THE subscriber having taken the agency for the sale of Burdict and Bartlett's Grecian Caoutchoug Oil Polish, is now prepared to furnish the article to store keepers at Manufacturer's prices.

This article is composed of neats foot oil and Gutta Percha, acting as a preserver of leather as well as polish. An article of this kind has long been needed, as every one knows that common blacking will not polish or oil over grease.

The attention of livery stable keepers, and those keeping carriages and harnesses, is invited to this article, as it is unsurpassed for the purpose of cleaning carriage tops, harnesses, &c. It is put up in large size boxes, convenient for the use of livery stable keepers, and also smaller sizes for the use of everybody who wish to purchase the best blacking in the market.

COFFINS and other funeral appurtenances.—The subscribers have on hand and will make at short notice coffins of every description of wood and finish; also robes, trimmings, &c., and if desired they will superintend funeral arrangements and furnish all articles connected with and used on these mournful occasions.

They have also a method of preserving a corpse for any desirable length of time, until friends and relatives can arrive from Europe or distant parts of our own country.

If required they can give the best of references as to their mode of attending to matters of this kind.

Orders for the whole or part of these arrangements are solicited, and will be promptly executed, with the utmost regard for the feelings of those concerned.

NEW MAP OF NEWPORT.—The subscriber has now nearly ready for publication an entirely new map of Newport Township, including a large part of Middletown.—Showing all the Island South of Coddington Cove, and from Castle Hill on the West, to Sachuest Point on the East. The whole made from recent surveys hitherto unpublished—It will be the only typographed map of the Township yet made, and is of sufficient size to allow the position of every house to be indicated, and the names given of all the land holders without the limits of the City.

The copy prepared for engraving, is now ready for inspection and corrections, as it is my wish to make it much nearer a correct map than any yet issued.

The price $5. The size about 36×44 inches Subscriptions will be received at 124 Thames street by CHAS. E. HAMMETT Jr.

LADIES' DELIGHT!

RELIEF COME AT LAST.

WISNER'S Washing Machine, Patented Sept. 26th, 1854, is a large tub with zinc fitted on the bottom, also on the under side of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that when ever it has been used properly, it will tell a better story for itself than I can communicate. Give it a trial, and you will be entirely satisfied of its superior merit.

AMERICAN AND FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS

(Late Agent of U S. Patent Office, Washington, under the Act of 1837.)

NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library on legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practicioners with whom I have had official intercourse.

CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,"

Late Commissioner of Patents.

Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

The Daily News.

FRIDAY MORNING, JAN. 27, 1860.

Affairs on the Rio Grande.

The San Antonio *Ledger* of the 9th inst., says that Capt. Henry had just arrived there from the Rio Grande, suffering from a bullet wound in the leg, received in the fight with Cortina. Capt. Henry is of opinion that the Rio Grande troubles are far from being ended; that it will take at least six months to stop them. Although the defeat of Cortina was complete and effectual, yet the survivors of his force, being divided into small parties, carry on a sort of guerilla warfare, and are even to be more dreaded than formerly. Before the defeat, when they were concentrated, it was known where to find them, but now they are scattered in all directions, robbing and destroying the ranches, and doing all the mischief they can. Since the fight they have killed one American and plundered several ranches. Formerly they left Mexican property undisturbed, but now they make no distinction—Americans or Mexicans, it is all the same to them.

Shortly before Capt. Henry left Rio Grande City an organization of the first battalion of Texas Rangers (consisting of two companies) took place. Capt. Tobin was elected Major.

It is thought that the reason why Captain Tobin was elected to the Majority over Captain Ford, was, that the latter instead of ordering the election of officers, immediately on his arrival, deferred doing so until after the fight, he himself, meanwhile, assuming command of the different companies of Rangers then in the field, and that the men were in consequence dissatisfied. Captain Henry, with great modesty, says exceedingly little of his own services but passes the highest eulogiums on all the officers and men—regulars and rangers—engaged in quelling the disturbances. After the organization, the other companies of Rangers not included in the battalion were disbanded. Capt. Henry is the bearer of dispatches from Major Tobin to the Governor, giving, as we are informed, a full and particular account of the present state of matters on the Rio Grande.

Sleighing—Cold Weather—Case of Absent-mindedness—The Power of Imagination.

JAN. 23d, 1860.

MR. EDITOR:—As this is a country, "away down East," of which you "Western" people know very little, a word or two from here dished up in the form of a correspondence, may not prove uninteresting to your readers.

It is a cold country and the winters long. We have had good sleighing here since last October, and I have not seen a carriage on wheels for three months, and shall probably not for three months to come. You may guess that we shall appreciate bare ground when it appears, which we expect will not be till next May. There was three weeks in succession when the thermometer ranged from six degrees to twenty degrees below zero, though it has been more moderate for three weeks past. Still we live, and move, and have a good appetite, and the people are robust looking and healthy, and if any of your bachelor readers are in want of wives and cannot get suited at home, you will please say to them, that the damsels down this way are buxom and good looking.

But if our people are healthy, they are not always blessed with the best of memories, of which the following is an instance: A neighbor of mine who keeps a boarding house, started to go over the river after some corn, having harnessed up and brought his team to the door for that purpose. After he had got into his carriage, it occured to him that he had forgotten his bag and whip. He returned to get these, and coming out of the house, started off on foot, leaving his carriage standing in front of his residence, and bag in one hand and whip in the other, jogged along until he had got half way across the bridge, when it suddenly occurred to him that he had *left his horse and carriage behind!* Beat this if you can, and tell the truth.

—Another circumstance has leaked out here which has caused no little amusement in gossipping circles. It is as follows: A. B., who ranks with the upper-tendom, wears false teeth. He had been reading of an instance where a man lost his life by strangulation from swallowing his teeth, and one night retired to rest at rather a late hour to wake up in the morning and find his teeth gone. He did not remember of taking them out and it occurred to him that he must have swallowed them in his sleep. Here was grim death staring him in the face in earnest. He placed his hand to his throat and "could feel the plate and teeth very plain." He spoke to his wife and communicated the alarming intelligence to her; and she in turn felt the teeth where they were lodged in his throat. By that time he began to grow short of breath and his wife ran for the doctor, who came post haste, and feeling of his throat "could distinguish the teeth very plain." By this time our friend began to turn black in the face, and a second doctor was called, and a sight of the patient was almost enough to convince him that something was the matter, but to assure himself he also examined the exterior of his throat and likewise became convinced. It was evident *something* must be done, and that immediately; here was the man choking to death, already black in the face, and the wife and children almost crazy with fright. The "neighbors" were assembled, and after a brief consultation it was decided to make an incision for the purpose of extracting the teeth from the man's throat, and Dr. G., one of the most skillful surgeons in the State, was summoned from the other side of the river. He arrived to find the patient "almost gone," and the family presenting the picture of despair. He, too, examined the throat and could certainly feel the plate and teeth, and proceeded with his arrangements for their removal. While these were going on, the poor man, probably influenced by a feeling of dread, began to revive somewhat. Just now, as luck would have it, before the "fatal incision" was made, his wife, having occasion to remove his overcoat from the back of a chair *found the plate and teeth snugly ensconced in the breast pocket.* The man *felt easier*, the doctors beat a hasty retreat, and so endeth my story.

Yours,

DICK.

LOCAL ITEMS.

☞ One of the most pleasant gatherings we have witnessed, was at the residence of Milton Hall, Esq., last Monday evening. It was the weekly meeting of the Sewing Circle connected with Zion Church. The spacious parlors of Mr. Hall's residence were thrown open, and near a hundred persons assembled, among whom we noticed our worthy Postmaster, several of our most prominent merchants and their clerks, and an array of femenine beauty seldom seen beyond the limits of our favored city. Rev. W. Colvin Brown, pastor of the church, was present and added interest to the occasion by a brief and pertinent address.

The crowning feature of the evening, however, was the performance of the Newport Amateur Musical Association, who were present by invitation, under the leadership of Mr. Eben Tourjee, its accomplished Director. The

"Songs our Fathers sang,"

were repeated with thrilling effect. Among the pieces sung was "Ode on Science," which will be remembered by the veterans of the war of 1812 as being one of the most popular tunes of that period, when our beloved country was free from those strifes and dissensions which now rock it from centre to circumference, and men could sing, and *feel*, that

"The morning sun shines from the east,
And spreads his glories to the west
Where'r his radiant light appears.
So Science spreads her lucid ray,
O'er lands which long in darkness lay;
She visits fair Columbia,
And sets her sons among the stars.
Fair Freedom her attendant waits,
To bless the porters of her gates,
To crown the young and rising States
With laurels of immortal day."

Other old and familiar tunes were brought forward and sung with most excellent effect and evident satisfaction to the listeners.

Such gatherings are promotive of "peace and good will," and should be well patronized.

THIRTY-SIXTH CONGRESS.
FIRST SESSION.

WASHINGTON, Jan. 24.

SENATE.

Mr. Sumner introduced a bill to secure wages in case of wreck. Mr. Brown, a bill to provide for the public printing. Mr. Rice moved that a bill be framed for the organization of the Territory of Dacotah. Mr. King's resolution relative to paying for the public printing was adopted. Mr. Iverson offered a joint resolution relative to the pay of retired and decrepit officers of the Navy, which was adopted. The President sent in the information called for relative to the Peragia affair. Mr Douglas's resolution was then taken up, and Mr. Toomb (Dem., Ga.) addressed the Senate. The debate was continued by Messrs. Foster (Rep., Conn.), Mallory (Dem., Fa.) and Benjamin (Dem., La.) when the resolution was postponed; an Executive session was had, and the Senate adjourned.

HOUSE.

A personal matter was brought up and discussed, relative to the Douglas Democracy of Illinois, by Messrs. McClernand (Dem., Ill.), Farnsworth (Rep., Ill.), and Logan (Dem., Ill.), when Mr. Corwin (Rep., O.) resumed his remarks commenced yesterday, and speaking four hours, the House adjourned without a vote for Speaker.

In Perry Township, Iowa, on the 8th, two horse thieves were lynched by an indignant party. Some of the inhabitants of the neighborhood saw five men enter a wood and only three return, and suspecting the worst, soon afterwards repaired to the spot, and found the thieves suspended. One was found hung upon the limb of a fallen tree, which was but six feet from the ground; the other much higher. The former's hands were tied behind him, crossed at the wrists. The other was secured like the first; the knot was at the back of the head; a rope was round his legs, used for the purpose of pulling them down from under him until he died.

One of the greatest feats of manual labor ever achieved within our knowledge, says the Reading, Pa. Gazette, was performed on Friday, by Mr. Thomas Rambo, blacksmith, of this city. During the usual working hours, that is, from 7 A. M. to 12 M., and from 1 to a quarter to 6 P. M.,—9 3-4 hours—he forged two hundred and twenty-five horse shoes! Of this number, twenty-seven were made in out the first hour.

THE SUMMONS FOR GIDDINGS AND BROWN.

Cleveland, Jan. 25.

Marshal Johnson was in Ashtabula county yesterday, to serve summons on Giddings and John Brown, Jr., to appear before the State Committee. Mr. Giddings is in New York, but has been telegraphed, and will undoubtedly proceed to Washington forthwith. Brown could not be found. Both are summoned to appear on the 30th.

FIRE IN CLINTON, WIS.

New York, Jan. 25.

A fire in Clinton, Wis., on Monday, destroyed property to the amount of $20,000; insurance, $12,000.

THE LAWRENCE CATASTROPHE.

BOSTON, Jan. 25.—The examination before Coroner Lamb, at Lawrence, was concluded yesterday afternoon. James B. Francis, a civil engineer of Lowell, being last on the stand, attributed the falling of the Mill to the breaking of a defective pillar. A verdict will probably be rendered by Saturday next.

Mr. Anselmier, a member of the French Academy of Medicine, has read a paper before that body on Autophagy, or eating one's self. He attempts to show that the body, when deprived of its ordinary nutriment, consumes itself, until, as its substance wastes away, its temperature falls, and death ensues. He had proved by experiments, that the most economical method for this self-consumption, is to keep up the ordinary processes of nutrition by slight bleeding and drinking the blood. Of two animals in a similar condition, one of which he starved, and the other fed upon its own blood alone, the latter lived several days longer than the former.

Some sharpers seem to act upon the assumption that, if they cheat a poor fellow out of his land, he has no *ground* for complaint.

Funeral, Friday at 2 o'clock, P. M., from Emanuel Church. Friends are invited to attend.

FOUSEL'S PABULUM VITÆ.

THE GREAT FRENCH REMEDY, possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASES.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease, both from its innocent nature and its most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the Lungs, or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendations and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are efficiently used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration.

Respectfully,

A. A. HAYES, M. D., *State Assayer,*
16 Boylston Street, Boston, Dec. 19, 1857.

TESTIMONIAL from the Assistant Superintendent of Health:

BOSTON, Oct. 5, 1859.

Sir:—It affords me great pleasure in recommending to those troubled with Pulmonary Complaints the use of Fousel's Pabulum Vitæ; and my own experience has shown that for Coughs and Colds it possesses qualities of great merit, and I would most cheerfully recommend its use to those troubled with the above complaints, so common to our climate.

Respectfully yours,

(Signed) DANIEL B. CURTIS,

To F. J. LAFORME. Room 12, City Hall.

F. J. LAFORME, Esq.:

Dear Sir—This may certify that I have used *Fousel's Pabulum Vitæ*, and I consider it the best article that I have ever used for pulmonary complaints. My wife has used it for severe colds, and its effect was magical; and I have no objection to your referring in any way to me that you deem expedient.

I have given the above named a fair trial, and with confidence advise all that are afflicted with colds or pulmonary complaints to try it.

DR. MATTISON'S REMEDIAL INSTITUTE,

—FOR THE TREATMENT OF—

Special Diseases,

No. 28 Union St., Providence, R. I.

Circulars giving full information with references and testimonials, sent by mail. Also a Pamphlet on Diseases of Women with observations on Private and Chronic Maladies generally, sent free by enclosing a stamp to Dr. H. N. MATTISON as above.

Dr. M. is a thoroughly educated physician of nineteen years practice, giving his whole attention to the above named diseases. Persons at a distance, therefore, having any important and difficult case to dia specialty will save much time and expense by applying either personally or by letter, to the REMEDIAL INSTITUTE.

N. B.—Accommodations for patients from abroad wishing to remain in the city for a short time under treatment. m

A WORD TO INVALIDS.

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the *choice of a physician.* And first, *let all quacks, impostors and humbugs alone.* If you have an intelligent physician in your vicinity apply to him immediately, and follow his directions explicitly, and for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a *specialty,* for no physician in general practice, no matter how eminent, can treat a given disease, or class of diseases, as successfully as one of the same ability who makes such diseases a *specialty,* and devotes his whole attention to them. Educated physicians hitherto have stood aloof from making private diseases a specialty, and hence they have been monopolized by quacks.—The fear of losing caste in society, or of being classed among charlatans by the profession, has too long stood in the way of this most desirable result. What disgrace is there in treating a class of diseases specially that all physicians treat in general practice? Ricord of Paris, and Acton of London, both make *Private Diseases* a specialty, and yet their fame is an enviable as it is world-wide. It is in fact the only remedy for one of the most heinous and destructive systems of quackery in private diseases as practiced in all the larger cities throughout the country.—But to return I said let quacks and impostors alone. Their advertisements fill the newspapers and are well calculated to deceive the inexperienced, made up as they are of the most extravagant *pretensions,* but without a shadow of *evidence* of the truth of what they say. Advertising in itself is no sin, but *deceptive* advertisements are an abomination, and no advertising physician is entitled to *any confidence whatever* who does not give to the public the most undoubted guarantee both of his honesty and his skill.

In offering my services in a speciality which has heretofore been almost exclusively in the hands of impostors, I ask no man to employ me who is not fully convinced that I shall treat him courteously, deal honorably and with the strictest fidelity, and give him the best possible chance for a speedy and permanent cure. H. N. MATTISON, o11 d w tf No. 28 Union st., Prov. R. I.

Blood Food!

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Coughs, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side,* lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility,* or your *sleep is broken and disturbed,* if your *Spirits are Depressed* or your *Organs relaxed,* you will find in this an unfailing remedy, by commencing with *ten drops.* If your *Liver* is torpid or diseased in any manner whatever *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia,* the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints and Weakness,* the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles* The "BLOOD FLOOD" is effectual in all cases of *Eruptions, Salt Rheum, Scrofulas* and other like complaints, *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the body and color and beauty to the skin. *Physicians of all schools* are using it with wonderful success. For full directions, see circulars. Price $1 per bottle.

Mothers!

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them. Second—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comperison of it with any other article for infantile complaints will show; the very roots from which it is distilled being from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz: FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases o. convulsion or fits, we earnestly recommend you to lose no time in procuring it. Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle. Sold by CHURCH & DUPONT, Druggists, No. 36 Maiden Lane, New York. And by all respectable Druggists through t the country. GRO. C. GOODWIN & Co., wholesale agents, Boston, Mass.

THE GREAT WONDER OF THE NINETEENTH CENTURY.

PROFESSOR WOOD'S HAIR RESTORATIVE.

Says the St. Lou's (Mo) Democrat: Below we publish a letter to Dr. Wood of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a distant source. Certificates are guarantees of truth, the D. needs no encomiums for useless puffer from the press.

BATH, Maine, Jan. 29, 1859.

Prof. O. J. Wood & Co.:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at you service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. G. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer to the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON.

The undersigned, the Rev. J. K. Bragg, is a minister in regular standing and pastor of the Oxthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER

BROOKFIELD, Jan 12, 1858

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly, J. K. BRAGG.

The Restorative is put up in Bottles of 3 sizes, viz: large, medium and small; the small holds 1 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

HOWARD ASSOCIATION. PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, will renewed zeal to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

DR. DEPONCA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many other that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1, per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to STURGIS & CO., Box 861, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country.

It presents to your view every part of the world, in all the *relief, boldness, perspective*, and *sharpness of detail*, as if you were on the spot.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. CAUTION.

Persons living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them—Capital Prizes of from $20,000 to $40,000 head their schemes—with Tickets at One Dollar.—$100,000 Capital Prizes are offered, Tickets $5. All such, in every instance, are frauds, and if money is sent to them for Tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of Tickets. In every instance where large Prizes are offered for a small cost of Tickets, put it down for a certain fraud.

☞ All orders addressed to France, Broadbents & Co., Wilmington, Del., will meet with prompt attention, and the printed official drawings sent as soon as over.
